

Race Your Way to the Stars!

Number of Players: 2

Directions:

1. Cut out the rockets. (These are your game pieces.)
 2. Cut apart the cards. Each card will have a fraction, a mixed numeral, or a mixed numeral written as a fraction.
 3. You must each take turns drawing a card from the stack. Find the mixed number or fraction from the card on the number line stretching from Earth to the Stars.
 4. For every card you get correct, you move ahead one space.
 5. For every card you don't get correct, you must move back one space.
 6. See how quickly you can "travel from Earth to the Stars!"
