

Angry Bird Short E Vowel Game!

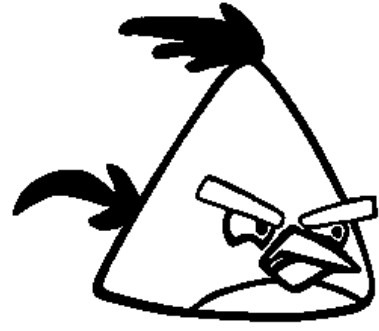

Students obsessed with Angry Birds?

Use this game to practice reading words with the short E vowel sound.

Print off cards and cut apart. Place face down in the middle of students. Students take turn drawing cards. If they choose a card with an Angry Bird logo on it, they get to go again. If they pick a card with a pig on it, they must do what the card says and either "Lose a turn" the next time around the circle or "Put back all of your cards" into the center pile.
