

### Comparing and Ordering Numbers Through 1,000

Count the blocks and write the number in standard form. Compare the numbers on each side of the circle by writing  $<$ ,  $>$ , or  $=$  in the circle.

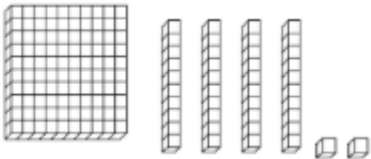

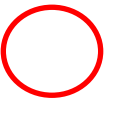

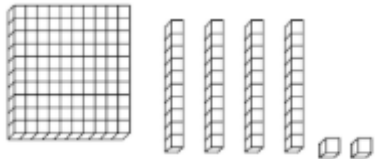

1)

 <u>232</u>		 <u>154</u>
---	---	--

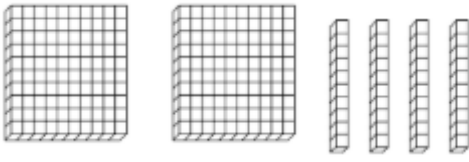

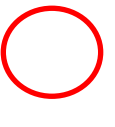

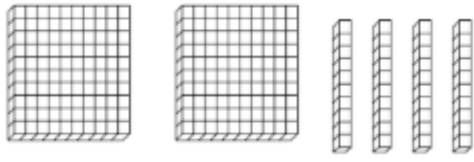

2)

 <u>          </u>		 <u>          </u>
---	---	--

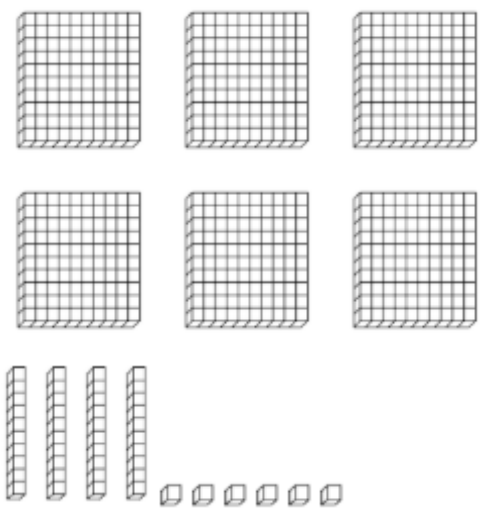

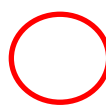

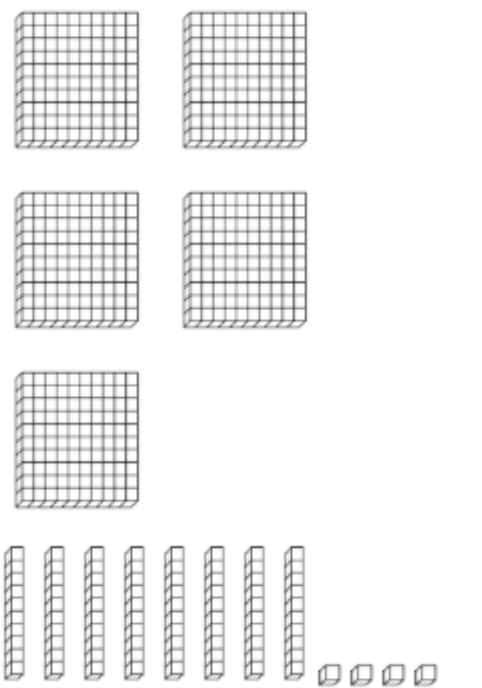

3)

 <u>          </u>		 <u>          </u>
--	---	---

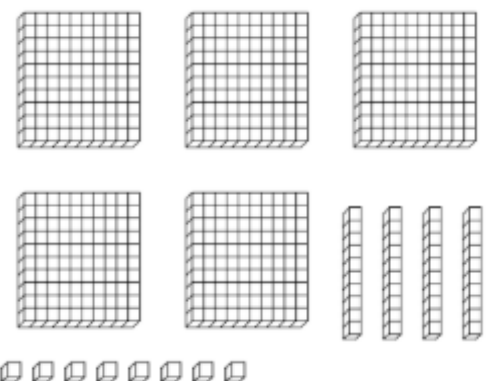

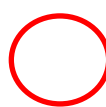

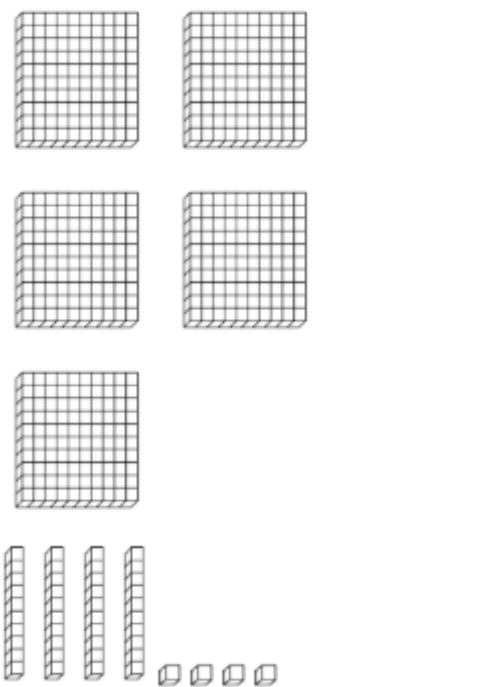

4)

 <u>          </u>		 <u>          </u>
--	---	---

5)

 <p>Three hundred, two hundred, one hundred, forty, six</p> <hr/>		 <p>Two hundred, two hundred, one hundred, forty, six</p> <hr/>
--	---	---

6)

 <p>Three hundred, two hundred, forty, eight</p> <hr/>		 <p>Two hundred, two hundred, forty, eight</p> <hr/>
---	---	--
