

Zoom to the Moon

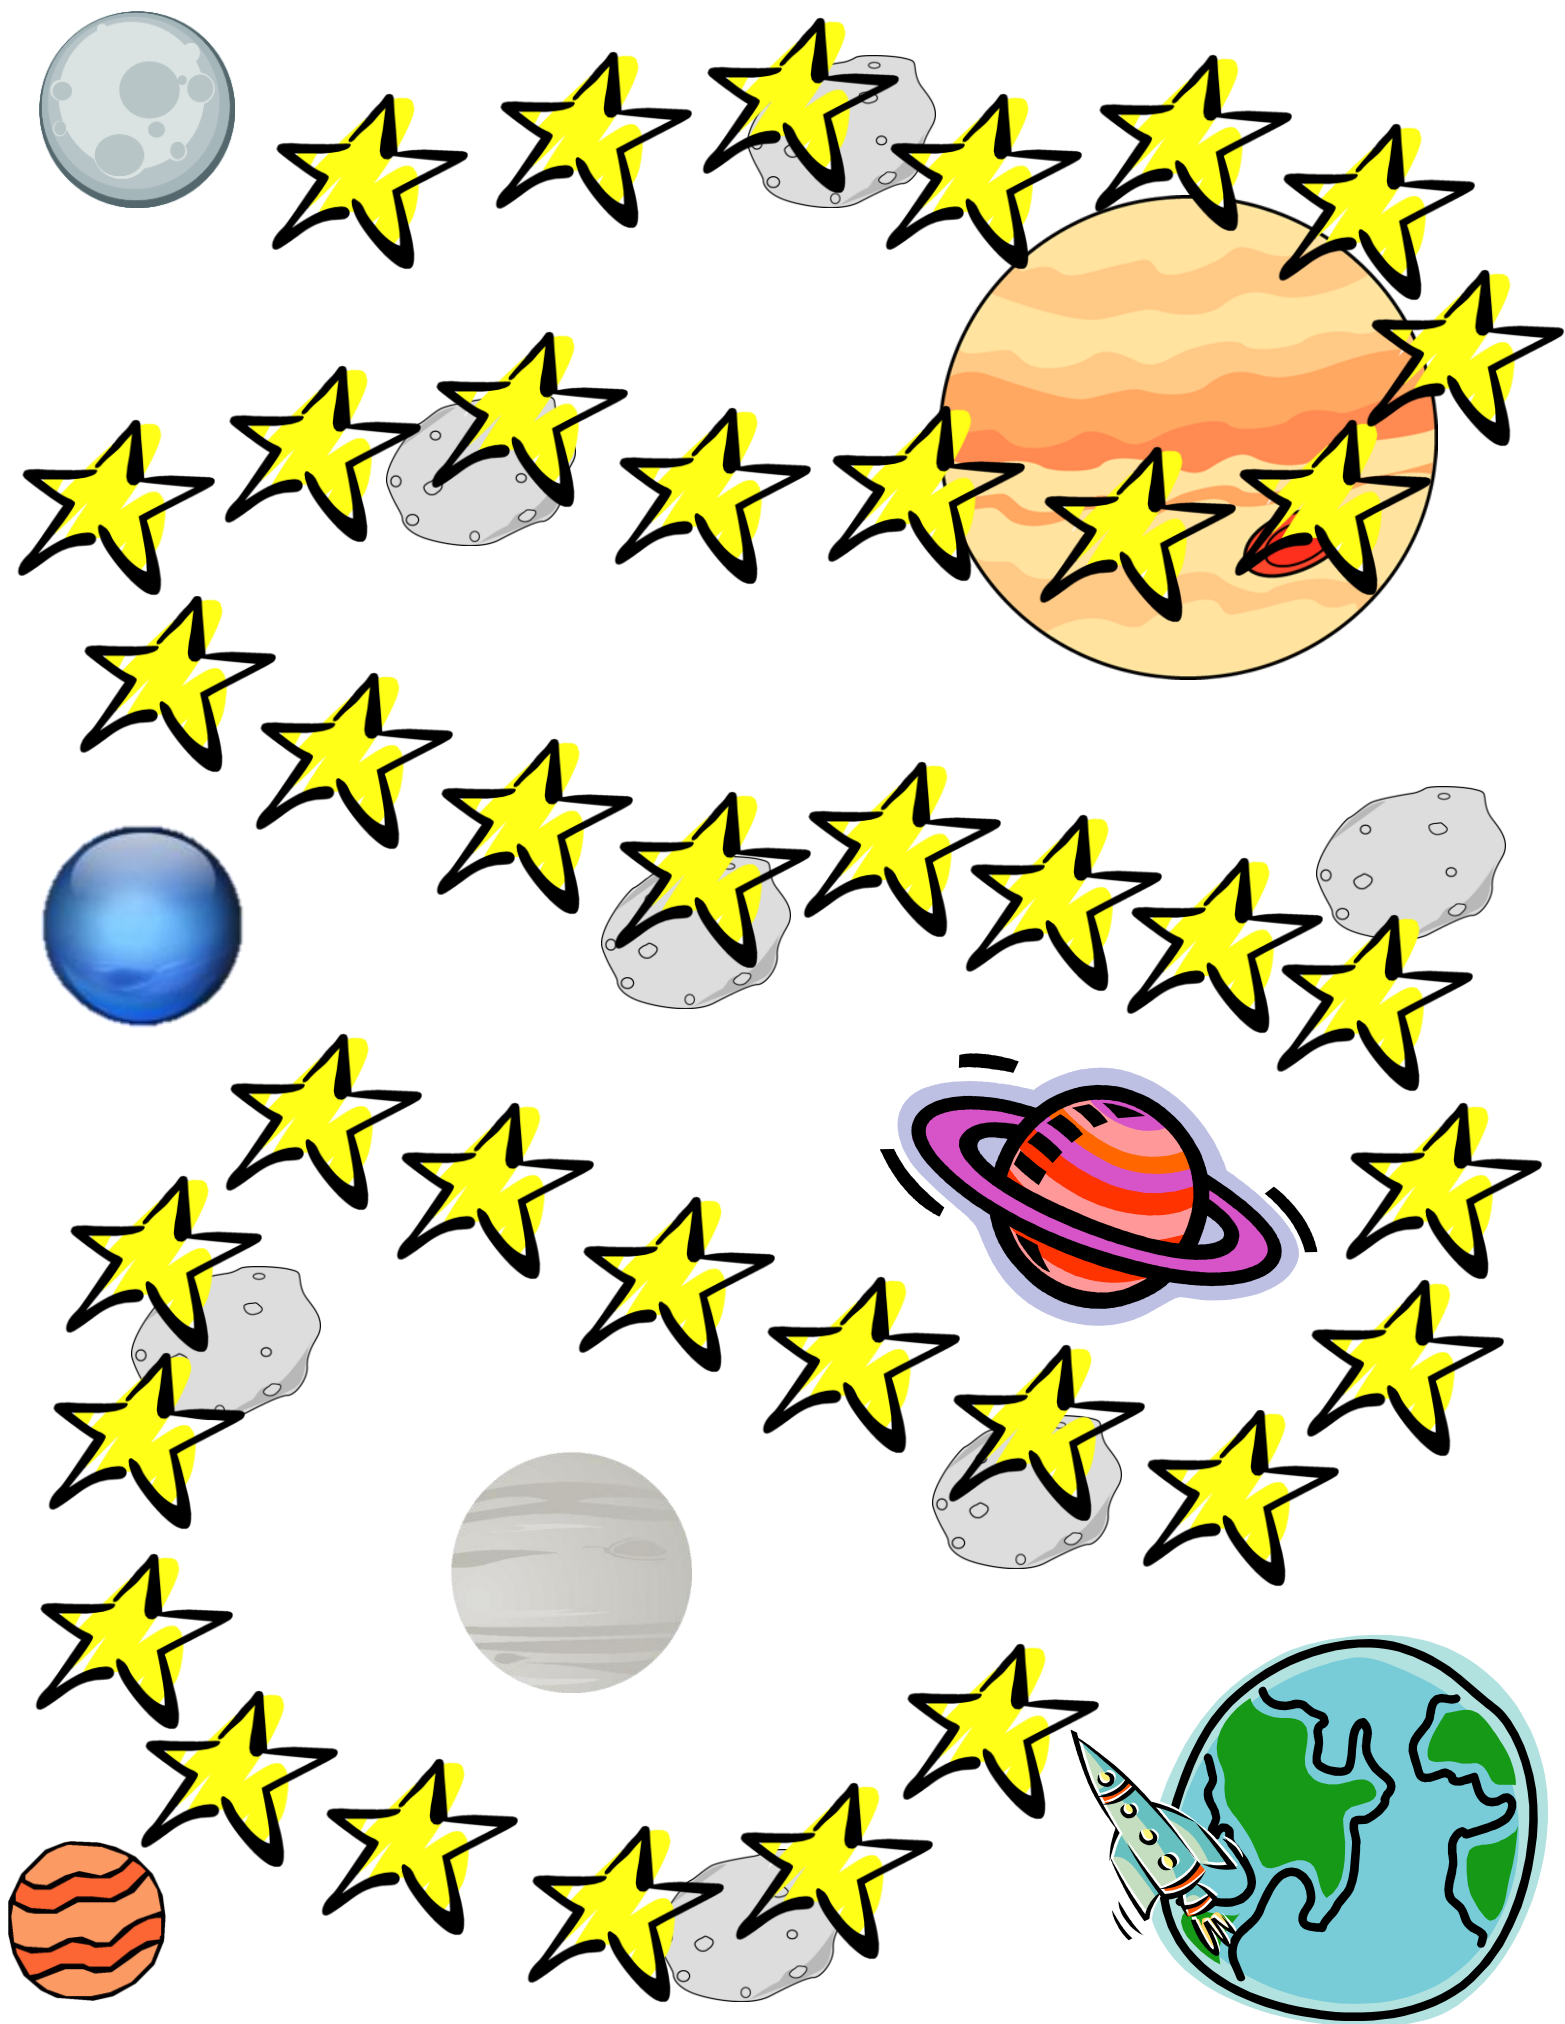

An -oo Word Game

Created by Brooke Stadler

Directions:

Get a playing mat and choose a playing piece. Shuffle all of the star cards and put them face down in front of you in a stack. Take the top card off of the pile and read the word. If you read the word correctly roll the dice and move that many star spaces. Put the card in a pile next to the other cards. If you do not read the word correctly put the card in the discard pile and you do not get to move. Play until somebody reaches the moon. If you run out of cards before that happens, shuffle the cards and keep playing.
