

Summer Learning is Out of this WORLD!

Dear Teachers, Parents and Students,

Welcome to the South Carolina Department of Education summer learning activities for students who completed 3rd grade and will be starting 4th grade in the Fall of 2020.

During the month of JUNE, we created "Out of this World" activities for students and families to enjoy. The activities include daily practice in reading, writing, math, and choice areas (art, music, physical education, etc.). We invite you to join us in continuing learning in June. We hope that you find the activities exciting, interesting, and a whole lot of FUN!
